CO December 1964; April/September 1967

SUBJECT Unidentified Objects near Boca Ciega
and Herradura Beaches

ACQ

SOURCE

25X1C

During the month of December 1964, an unidentified object attached to a rock was sighted at a sea depth of about 36 to 40 feet and about one kilometer from the shore of Boca Ciega Beach, Havana Province [Map Series 723, Sheet 3785 I, LR 8186417].

2. The object had three nylon cables tied together with a configuration of an upsidedown Y, attached to a rock (see page 2). The ends of each cable were imbedded into an overhanging rock (see page 3). Each cable was about 1.25 meters long and about three sixteenths of an inch thick.

3. The object had another cable attached to the center leading toward the beach.

4. In April 1967 similar objects with the same characteristics, attached to the same type of rock and approximately at the same depth as described above were sighted about 300 yards from the shores of Herradura Beach, Pinar del Rio Province [Map Series 723, Sheet 3685 III, LR 0154697 and again in September 67 about 36 feet from the shore of Puerto Escondido, Matanzas Province [Map Series 723, Sheet 3885 II, MR 258598].
